Dinesh Babu K.R

MERN Stack Developer | Web3 | Solana Rust | Full Stack Developer
| Java • Spring Boot • SQL | Web3 & NFT Projects | 3+ Years

Experience

Madurai, Tamil Nadu, India

Summary

I am a Full Stack Developer with 3 years of experience.

I work mainly with Node, React, MongoDB, Express, and REST APIs.
Also work with Java, Spring Boot, SQL shortly.

I have experience in Web3 projects, NFT platforms, and on-chain
eCommerce applications.

I enjoy building scalable backend systems and improving my
technical skills every day.

Currently, I am learning more about system design and clean
architecture.

Experience

Maticz Technologies Private Limited

3 years 2 months

Full-stack Developer

July 2025 - Present (8 months)

Madurai, Tamil Nadu, India

- Developing full-stack web applications with MERN stack and Web3 integrations
- Built smart contract integrations using web3.js for Ethereum-based applications
- Developed frontend features using Next.js for better performance and SEO
- Worked with Solana - Rust-based blockchain components and contract interactions
- Collaborated with product and design teams to deliver production-ready features

Software Developer

April 2023 - July 2025 (2 years 4 months)

Tamil Nadu, India

- Designed and developed RESTful APIs using JavaScript.
- Also worked with Java and Spring Boot minimal.
- Built backend services for blockchain and NFT-related applications
- Integrated MongoDB for scalable data storage and optimized queries
- Worked on MERN stack applications including authentication and dashboards
- Participated in code reviews and improved application stability

Software Trainee

January 2023 - April 2023 (4 months)

Tamil Nadu, India

- Learned full software development lifecycle from development to deployment
- Built small features using Java and JavaScript under senior guidance
- Fixed bugs and improved existing application functionality
- Gained hands-on experience with HTML, Java, and basic backend concepts

Education

The Madura College, Madurai

Bachelor's degree, Computer Science · (June 2019 - April 2022)
